

Our Sound Book Collections

Music is a big part of Didier Jeunesse's DNA.

Since the creation of the publishing house in 1988, it has been a joy to grow alongside children to the melody and rhythm of **nursery rhymes, lullabies, songs and classical music pieces**, from all over the world.

Today, we share the same passion for introducing children to the pleasure of music and sounds. This is why we care so much about **publishing excellent sound books**.

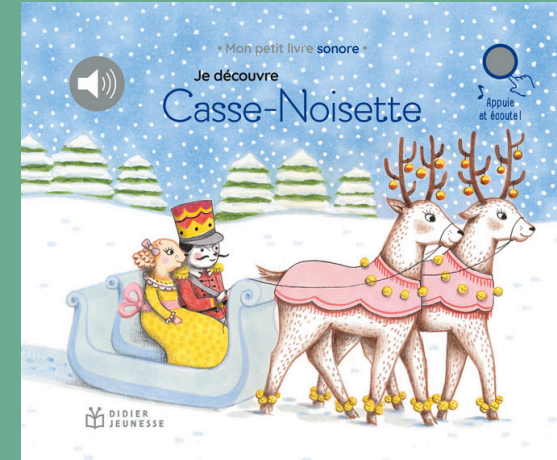

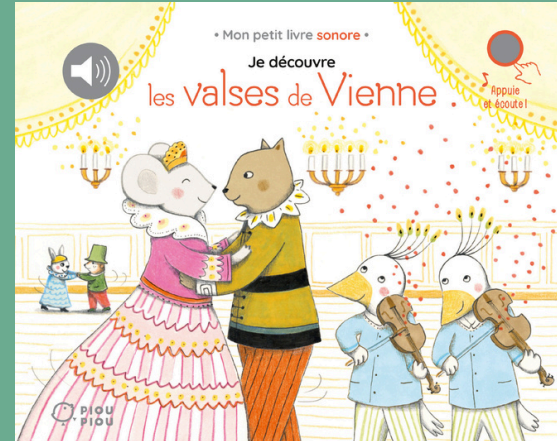

Our collection of sound books stands out for its:

- High quality of sound,
- Intelligent selection of music,
- Delicate illustrations,
- Variety of musical styles.
