PASSION K-FOOD

Cooking

Yves Yoon

THE BOOK

In this flavour-packed graphic novel, Korean illustrator Yoon Yves takes us through 25 stories celebrating Korea's most iconic dishes, each one paired with its own recipe: kimbap, kimchi, bibimbap, tteokbokki...

But this book isn't just about food. Each dish is tied to a season, a celebration, a childhood memory, or a moment in life (yes, even those days when you're sick and a bowl of soup changes everything). Between anecdotes, traditions and nostalgia, food becomes a way to tell the story of Korea and of oneself.

With her soft, expressive line, Yoon Yves delivers a book that sits somewhere between graphic novel, memory journal, and cookbook: a book to browse the way you nibble through a meal you love.

- Korea continues to fascinate across all fields: food, travel, K-pop, and more.
